## Backcountry Education Logged Tours List

Your 3-day backcountry Level 2 Evaluation will be validated upon completion of the 3-day course and the presentation of a list of completed backcountry and side-country ski tours which meet the following criteria:

- 2 logged ski tours with a minimum of 1000 meters human powered ascent
- 4 logged ski tours with a minimum of 500 meters human powered ascent
- 4 boot packs/ side country tours requiring hiking, accessed from the resort by lifts

The Trip planning checklist should be used as a template to log the submitted tours, and the submitted tours should acknowledge each part of the checklist (daily avalanche bulletin, conditions in the field, debrief of the tour, etc.)
